

**CITY OF NEWBERG, OREGON
INVITES YOUR INTEREST IN THE POSITION OF
PUBLIC WORKS DIRECTOR
(Closing date: Monday, June 2, 2014)**

The Community

The City of Newberg (population 22,300) is located in the beautiful Chehalem Valley (Valley of the Flowers) on the Willamette River, about 25 miles southwest of Portland. It is situated on US Highway 99W, which is the major route between Portland and the Central Oregon Coast. Conveniently located near the many assets of the Portland metropolitan area, the community also retains a distinct physical separation from the metro region, buffered by a greenbelt of rural forests, rolling hills and agricultural lands.

Good schools, quality City services and active community involvement are among the attributes that help the City live up to its motto, “**Newberg, a Great Place to Grow.**” The City enjoys a highly diverse economic base. Many of the City’s “home-grown” businesses have become leaders within their respective industries, such as dental equipment, electronics and manufacturing. George Fox University, offering bachelor’s degrees in more than 40 majors, adult degree programs, and 12 master’s and doctoral degrees; a branch of Portland Community College; and Providence Newberg Medical Center are located in the City.

Newberg is the second largest city in Yamhill County, which is famous for its wineries and vineyards. The area’s wineries are among the finest in the state and have achieved world attention for their pinot noir varieties. Parks, boating, biking, hiking, hunting, fishing, golfing, athletic events, winery tours and tastings, a premiere destination resort, historic walking tours, the Hoover-Minthorn House, the Chehalem Cultural Center, theater and concerts, art galleries and special events bring tourists to the Newberg area. The community sponsors several major events each year including Tunes on Tuesday in the summer, Camellia Festival in April, the Old Fashioned Festival Days in late July, Friday Art Walk the first Friday of each month, as well as the boat races on Memorial Day weekend.

Vineyards in the Newberg area

The community is on the threshold of some major changes. This year, construction of the first phase of the Newberg-Dundee Bypass, a major state highway project, began. This project has been 30 years in the planning and will result in a lot of truck traffic being taken out of the historic downtown Newberg. With this will come the continuing renaissance of the downtown area. The University is restarting their football program in 2014. The continuing reputation of the Allison Inn & Spa (both nationally and world-wide) will be attracting more visitors and likely residents to the city of Newberg.

A one-hour drive east will take one to the Cascade Mountains for skiing, climbing, camping, fishing and hiking. A one-hour drive east will also take you to the Columbia River Gorge for world class windsurfing, kite board sailing, and kayaking. A one and a half hour-drive west will take one to the breath-taking views of the Pacific coastline, with its many beautiful beaches for whale watching, surfing, and ocean kayaking.

The Newberg-Dundee area offers a wide variety of housing opportunities for its residents. The median sales price over the last twelve months since October 2013, is \$233,300, which is a 12.1% increase from the prior year.

Newberg is a growing community that has still managed to maintain a relaxed pace that complements the friendly people who live here. It is a community where its citizens are rightfully proud of their Newberg heritage and its future.

The Organization

Incorporated in 1889, the City of Newberg is a Charter City and has a Council-Manager form of government. The City has a Mayor elected every four years and six Council Members who are also elected to four-year terms.

The City has approximately 180 staff members with three unions (Police, Fire, and Public Works) and a FY 2013-14 budget of \$86.6 million, including \$13.7 million allocated to the General Fund. The City's Departments include City Manager's Office, Finance, City Attorney, Municipal Court, Police and Communications, Fire along with EMS (Ambulance Service), Library, Planning and Building, Engineering, and Public Works. The Council appoints the City Manager, the City Attorney and the Municipal Judge. Park and recreation services are provided by the Chehalem Park and Recreation District.

The City seeks to serve as a catalyst to create a "friendly, small city" next to the larger metropolitan area, be responsive to the physical and social needs of the community, support Newberg as an independent community that provides a broad range of services using all available public and private resources, and rely on innovative leadership and planning to achieve the vision of the future.

Rotary Centennial Park

The organization is committed to quality leadership for the benefit of the residents of Newberg and will:

- be professional in one's attitude and proficient in his/her tasks.
- encourage a spirit of cooperation in dealing with the mutual problems and challenges facing the community.
- expect and demonstrate courtesy and respect in all interactions.
- commit to total quality in all services provided.
- be accountable and effective stewards of the public trust and resources.

- display innovation and initiative in responding to the needs of the City, especially the Public Works and Engineering Departments.
- participate in and promote the exchange of ideas through open communications.

Challenges and Issues

The City of Newberg continues to experience traffic through the center of town on Highway 99W due to the growth of the Portland metropolitan area and increased traffic to and from the Oregon Coast. The Newberg-Dundee Bypass is a controlled-access expressway that will significantly reduce the traffic congestion on OR99W. “Phase 1” will extend four miles from OR219/Wilsonville Road to OR99W south of Dundee, with

Newberg City Hall

one travel lane in each direction and is expected to be completed in 2016. The full bypass will be an 11-mile, four-lane highway around the cities of Newberg and Dundee. While the entire bypass has been approved, funding is only currently available for the first part of the project. The City will need to develop a plan for transportation within Newberg’s downtown core post Newberg-Dundee Bypass. In addition, implementation of the Transportation System Plan (TSP) and funding for the maintenance of existing local roads is an important issue in the community.

The Comprehensive Plan projects that Newberg will grow to a population of 38,352 by 2025 and 54,097 by 2040. Planning for this future growth and the infrastructure needed to accommodate this projected growth will be essential to maintain and enhance Newberg’s high quality of life. Newberg has identified that it has a severe shortage of industrial land within its Urban Growth Boundary (UGB) to retain and grow existing businesses and attract new businesses, particularly in the manufacturing area. To address this shortage, Newberg is in the process of including land in the south industrial area into the UGB and designating that land industrial. A

priority for the new City Manager will be to review and follow through with state agencies on planning updates, including the Urban Growth Boundary (UGB), Urban Reserve Area (URA) and city limits.

The Public Works Director faces the challenges of a deteriorating infrastructure and limited funding.

It’s essential for this position to build and maintain cohesive and collaborative relationships with the operations and maintenance divisions of Public Works along with the Engineering Department.

Other priorities include moving forward on the Riverfront Plan (for the waterfront area on the Willamette River), downtown revitalization, economic development, workforce development, and affordable housing.

The Position

The City Council seeks an experienced public works director with extensive engineering and/or public works experience to provide administrative support to the Public Works and Engineering Departments. He/she should be skilled in technical work in this area and have knowledge of all aspects of long-range planning, municipal budgeting, engineering, construction, operations, maintenance, and replacement, of the City water, wastewater, street, and storm drainage systems.

Typical duties include, but are not limited to the director overseeing the budgeting, maintenance, operation, planning, engineering, and construction activities designed to provide quality water, wastewater, street, and storm drainage services to the city. The director represents the Public Works and Engineering Departments to public bodies such as the City Council, Budget Committee, Rate Review Committee, outside agencies, etc.

Wastewater Treatment Plant

The successful candidate must be able to

understand and work within the vision of the City Council, must value team success and be a

superior communicator with strong interpersonal skills, and have a broad knowledge of City, County, State and Federal policy issues and requirements. The ideal candidate will have the ability to develop long-range plans and budgets, assist in the utility rate setting, identify problem areas, analyze information, and will be innovative and proactive about developing solutions. They will be an experienced and well respected manager who is able to establish and maintain effective working relationships with individuals and groups involved in developing policies.

The director will also have an extensive and diverse background in the public works environment and be well connected and respected in community and professional environments. The City requires the director to be skilled in progressive management practices with the ability to foster and provide a supportive work environment where staff can work independently while being accountable for their areas of responsibility.

The director's management style must be team-oriented and collaborative. The City is seeking an individual who is always approachable and willing to roll up his/her sleeves to contribute. He/she will establish a positive atmosphere of mutual respect and cooperation within the organization, be receptive to new ideas, and encourage innovation.

For specific experience and educational requirements, please reference the job description, which is available for downloading at: <https://www.newbergoregon.gov/jobs>

A satisfactory equivalent combination of education/experience which demonstrates the knowledge, skills and abilities to perform with a minimal amount of training the job duties essential to this position may be substituted.

Compensation

The City of Newberg has established a monthly compensation of \$7,929. An attractive benefit package is also provided, including medical, dental and vision insurance, life insurance, long-term disability, long-term care insurance and AD&D coverage with the City paying 90% of the premium for the employee and dependents. In addition, the City pays the full retirement contribution to Oregon PERS or the City's retirement plan with Principal Financial Group.

To Apply

If you are interested in this outstanding opportunity, please submit a cover letter indicating your specific interest in this position; a detailed professional résumé that identifies the relevant qualifications and experiences outlined in this position profile; and a list of three professional references. Send the cover letter, résumé, and references to Newberg Human Resources Department, PO Box 970, Newberg, OR 97132. *Unfortunately, electronic submittals are NOT accepted at this point in time.* The closing date is **Monday, June 2, 2014.**

Newberg City Library

Veteran's Preference – The City of Newberg provides qualifying Veterans and disabled veterans with employment preference in accordance with Oregon law. Veterans may claim preference by submitting a Veteran's Preference Form (available on the City's Website at www.newbergoregon.gov/jobs) and the required documentation with his/her application material.

Selection Process

Following the closing date, applicants will be screened according to the qualifications outlined above. The selection process will include evaluation of the experience and education submitted in the application to identify those meeting the minimum qualifications. The applicants will then be ranked according to the knowledge, skills and abilities that are indicated on the employment application with the top ranked individuals invited for an oral interview. Job related testing may be administered to ensure any applicant can meet the requirements of the position.

Those deemed qualified will be invited to an interview. Reference checks are conducted after receiving candidates' permission. Once an offer has been made, all other applicants will be notified of the position being filled. For additional information, visit the City's Website at: www.newbergoregon.gov.

The selected candidate will be required to furnish references, pass background (employment and criminal history) checking. Fingerprinting may also be necessary for certain City facility accessibility.

The City of Newberg is an Equal Opportunity Employer
