Water & Wastewater Emergency Response Planning

Hazardous Communication

Leak Detection

April 23, 2019	April 24, 2019	April 24, 2019
City of Grants Pass Parkway Public Safety Station 800 East Park Street Grants Pass, OR 97527	City of Grants Pass Parkway Public Safety Station 800 East Park Street Grants Pass, OR 97527	City of Grants Pass Parkway Public Safety Station 800 East Park Street Grants Pass, OR 97527
Time: 8:00 am – 12:15pm Description: This class will cover multiple aspects of emergency response starting with the requirements for all water and wastewater utilities to have an Emergency Response Plan (ERP). It will then delve into how to plan for plan for emergency drinking water supplies in the event of a regional disaster and how-to equant yourself with EPA's Response Protocol Toolbox to be better prepared. The second half of the class will focus more on how to build resiliency for drought, flood, earthquake, and natural cover fire and the class will end with a discussion about ORWARN and categorizing and cataloging resources and personnel. Instructor: Scott Berry, OAWU CEUs: 0.4 Water/Wastewater ESAC #3915	Time: 9am – 12:15pm Description: This class will highlight elements of the rule CFR 1910.1200, employees understanding key features of the written program, safety data sheets, labeling requirements including new global harmonization features. Attendees will gain knowledge of chemical characteristics, the effects to exposure and how to properly use personal protective equipment. Instructor: Tim Tice, OAWU CEUs: 0.3 Water/Wastewater ESAC# 3459 CCB#SRA0845	Time: 1:15 – 3:15pm Description: This course is designed to provide you with some basic knowledge of leak detection practices and correlation methods. Students will be instructed in the basics and background theory of leak detection to better utilize basic correlation techniques for distribution and collection systems. Participants will learn various methods available to identify and find leaks. A variety of equipment will be demonstrated and used to aid students in accurately pinpointing leaks in all types of pipe materials. Instructor: Scott Berry, OAWU CEUs: 0.2 Water/Wastewater ESAC #3709
