| Time: 8:00am – 12:15pm Description: This class will assist the water and wastewater system operator in outlining the specific points in developing the draft of the operations and maintenance manual. Step by step, each attendee will create their draft as it relates to their utility system during class, completing the document with a series of e-files at their home location. Instructor: Tim Tice, Jason Green, OAWU CEUs: 0.4 Water/Wastewater/0.2 Onsite ESAC #4032 | Time: 1:00pm – 5:15pm Description: In this course water and wastewater personnel will see what it takes to get through a real-life emergency. It will cover the steps necessary to take during and after an emergency with the utility and will cover what steps to take before an emergency to ensure the actions taken during the events are as smooth as possible. Who to contact, what is our critical equipment, and how do we communicate during the emergency? How do we debrief and clean up after the emergency and what do we take away to improve the next potential situation at the utility? Instructor: Scott Berry, OAWU CEUs: 0.4 Water/Wastewater ESAC #4670 |

REGISTRATION POLICY: OAWU reserves the right to cancel this class within 7 days prior to class date for lack of registrations. Minimum 3-day prior notice for cancellations & refunds please.
